

Kids Rock!

This week we have been learning about different festivals which happen in different countries. For example in Spain there is a festival where horses dance! This is called Feria del Caballo which means 'horse fair'.

It has been lovely and sunny so we have all been able to go and play on the field. It's nice to have such a big outdoor space.

Charlotte - Year 4

Spring is here!

It has been wonderful to have warmer weather this week. Our pupils have enjoyed learning outside in different lessons and eating lunch on the field. As we move forward into the Summer term, we plan on utilising the outdoor environment for learning in all year groups, so pupils will need sun hats, sun cream and a waterbottle everyday.

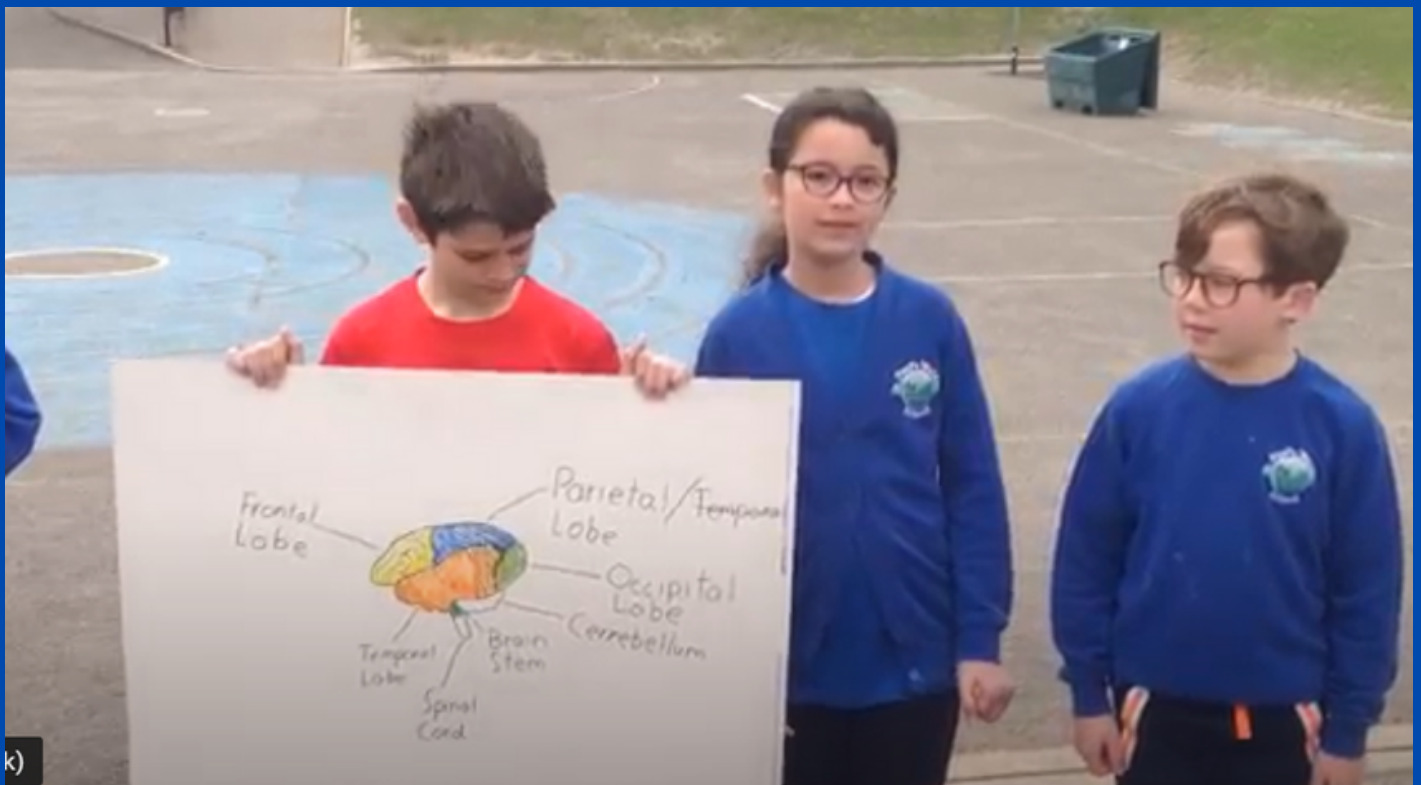

Oaks class have made a start on weeding and tidying kitchen garden. We hope to start planting seeds soon and seeing what will grow.

(Virtual) Assemblies are back

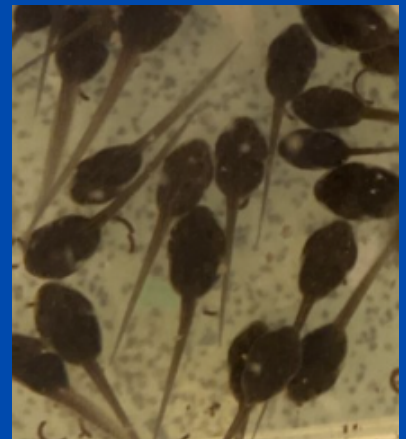

Our virtual class assemblies resumed this week. Oaks were the first class to record a fabulous and informative assembly, teaching the other classes all about how the brain works.

These assemblies are shared in school via Google Classroom where pupils watch a prerecorded video of their peers. Well done Oaks - a fantastic effort!

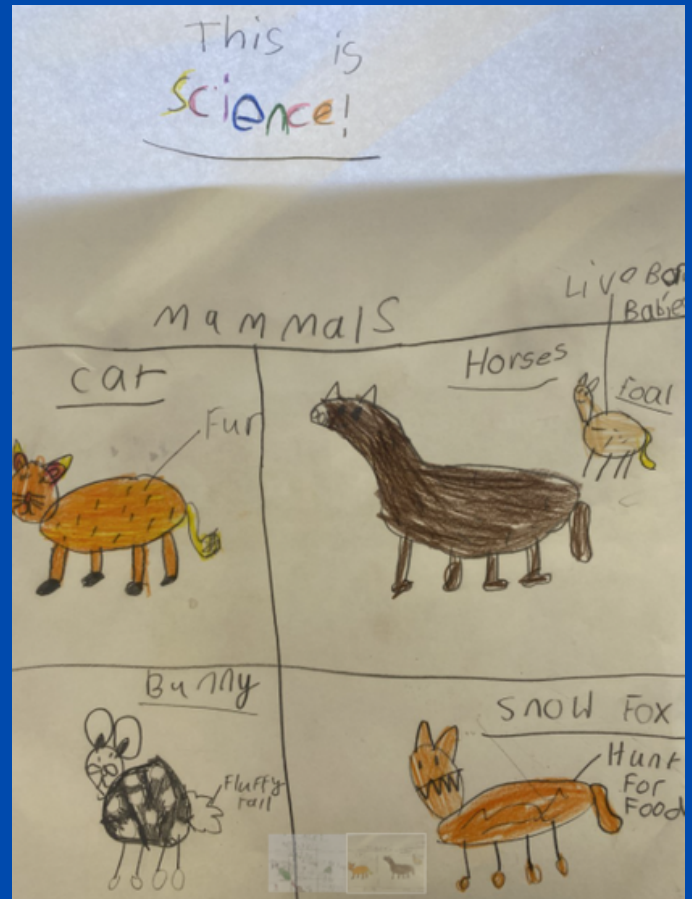

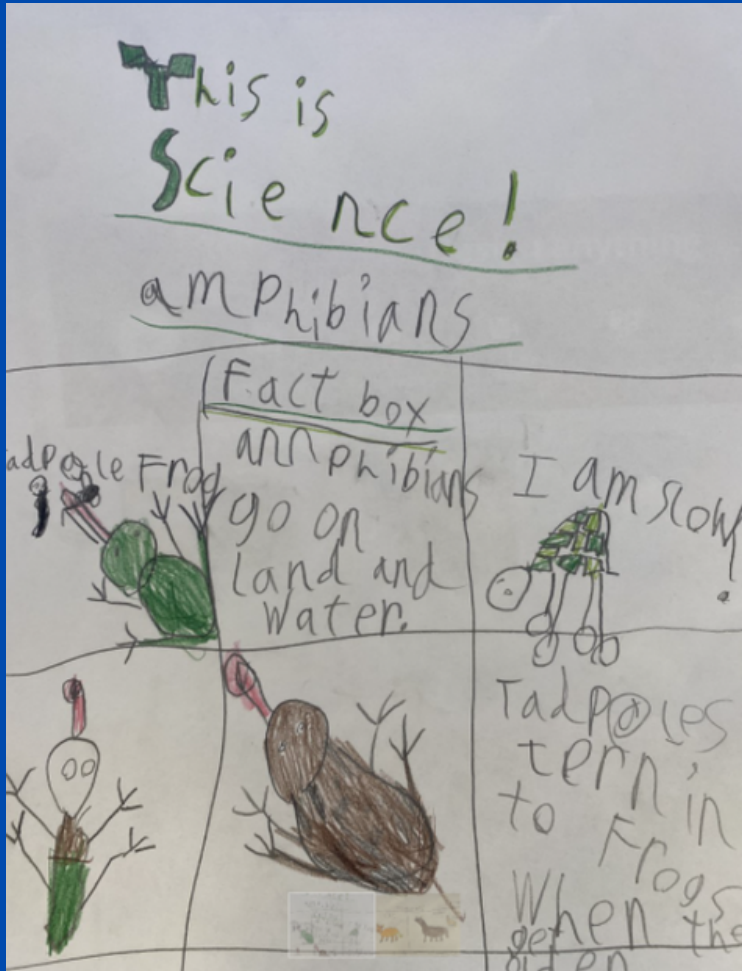

Tiny visitors

We have been lucky enough to have some tiny visitors in Willows and Oaks class this year. Do you know what these are?

All classes will get an opportunity to observe our tiny tadpoles as they move through their life cycle to become a frog.

Science

In Science, Rowans have been learning about classifying animals. Have a look at the wonderful work they have produced!

Thank you for sharing!

Finally, we would like to thank our pupils who have shared what they have been doing at home via our online classroom!
