

# Kids Rock!

## A NOTE FROM THE STAFF:

It looks as though Autumn is in full swing this week with the wet weather and cold mornings!

Should the rain be pouring down in the morning, class teachers will remain in their classes with their doors open for drop off, so you can head straight in, rather than getting soggy in the playground! Teaching Assistants will be out on the playground to welcome you in and guide you to your classes.

Thank you to our Rowans parents who attended our coffee morning on Wednesday. It was lovely to have visitors coming in to school again.

# News from the Oaks

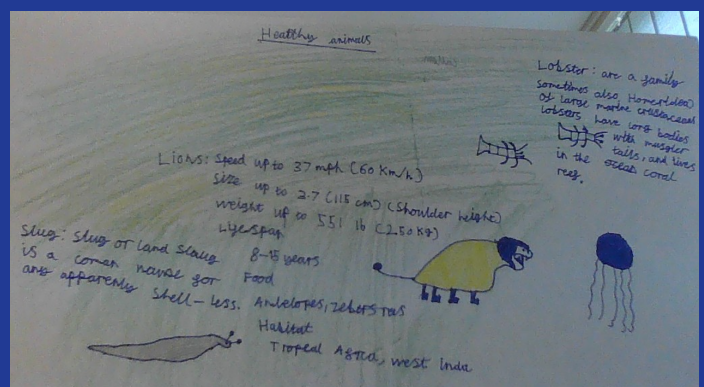

On Tuesday Oaks class participated in the under 11's tag rugby tournament. It was wonderful to be able to take our pupils to events again and they all had a fantastic time.

News from the  
Silver Birches

# News from the Rowans

In Science this week Rowans were investigating to see whether people with big hands also have big feet!

In Geography, we labelled countries of the UK - can you name them all?

Tuesday 28<sup>th</sup> September 2021

Pupil Name	Hands (cm)	Feet (cm)
Lucy		
Lucy	12cm	
Bella		
Lilly	12cm	
Joshua		
Co		

# News from the Willows

We have been learning about the book *Journey* by Aaron Becker, in which a girl finds a way into a whole new world and starts an amazing journey. She comes to a beautiful forest which is lit by glowing lanterns, so we made our own lanterns, carefully following instructions so that each step was done correctly. We had to cut them out ourselves, some of us realizing that if we focus really hard, we can cut neatly along the lines. We then spoke about our hopes and dreams, or something that we wish could happen, which were written on flames that have now been placed inside the lantern itself.
