

Kids Rock!

Hey everyone, it's the editor here. It's coming to the end of the half term and everyone is feeling a bit tired and looking forward to a break. We've been very busy and I think everyone deserves a rest. Lots of us are looking forward to Halloween and hoping to go out and see people dressed up in costumes!

This week house captains were awarded their badges in assembly as well as pupils in Oaks class receiving their Bikeability certificates. Well done everyone!

- Charlotte, Year 5

Handa's Surprise

"This week in Willows, we have been looking at the book Handa's Surprise by Eileen Browne. We have been exploring the different fruits in the story and writing about which ones are our favourite.

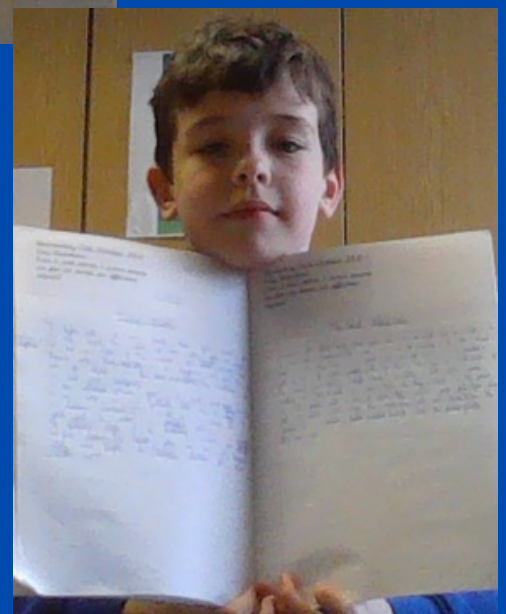

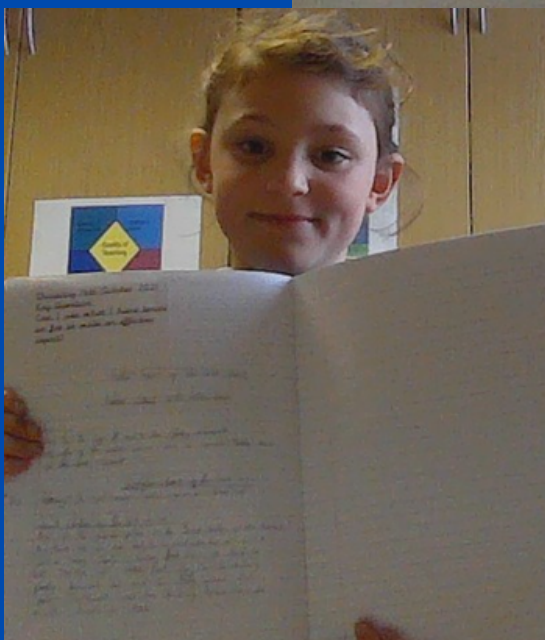

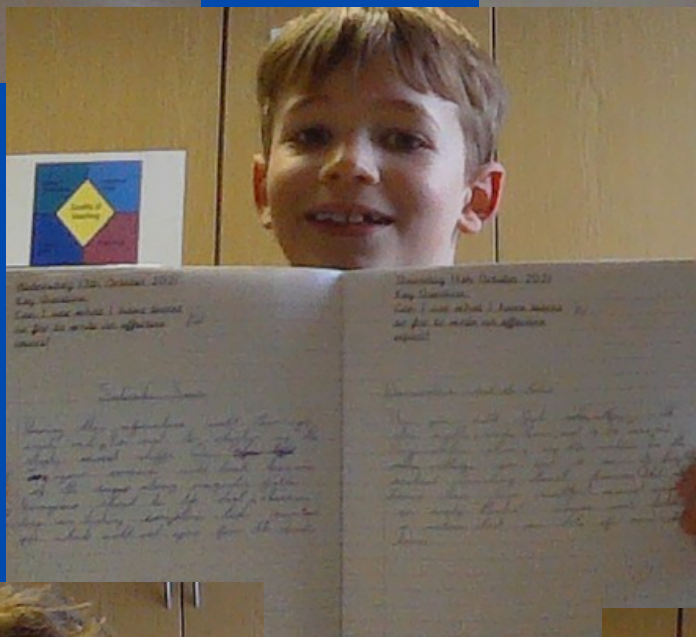

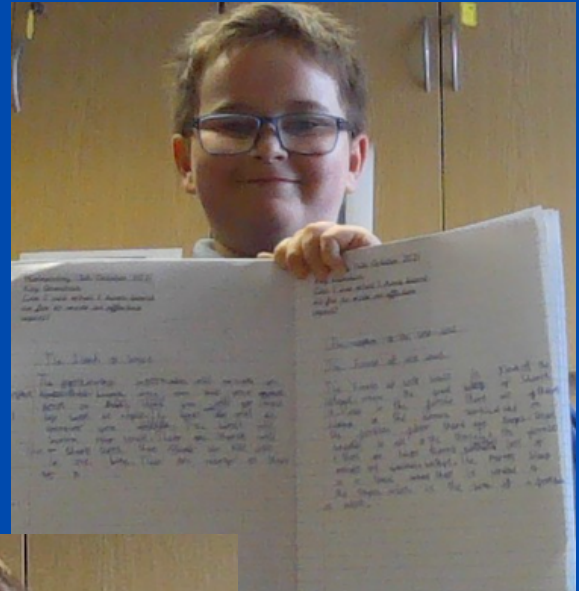

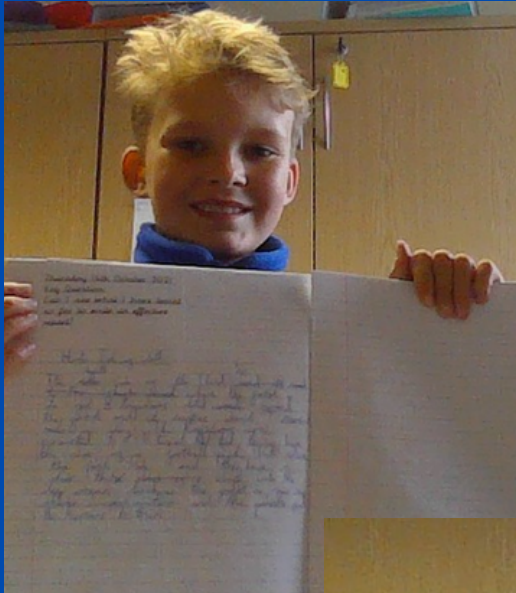

We have also been writing inside speech bubbles to show what the Handa might be thinking in the book. We all played the Handa's Surprise board game, so that not only were we practising taking turns, but showing that we are becoming experts at recognising the numbers on the dice and moving the correct amount of spaces around the board.

Pirate Island!

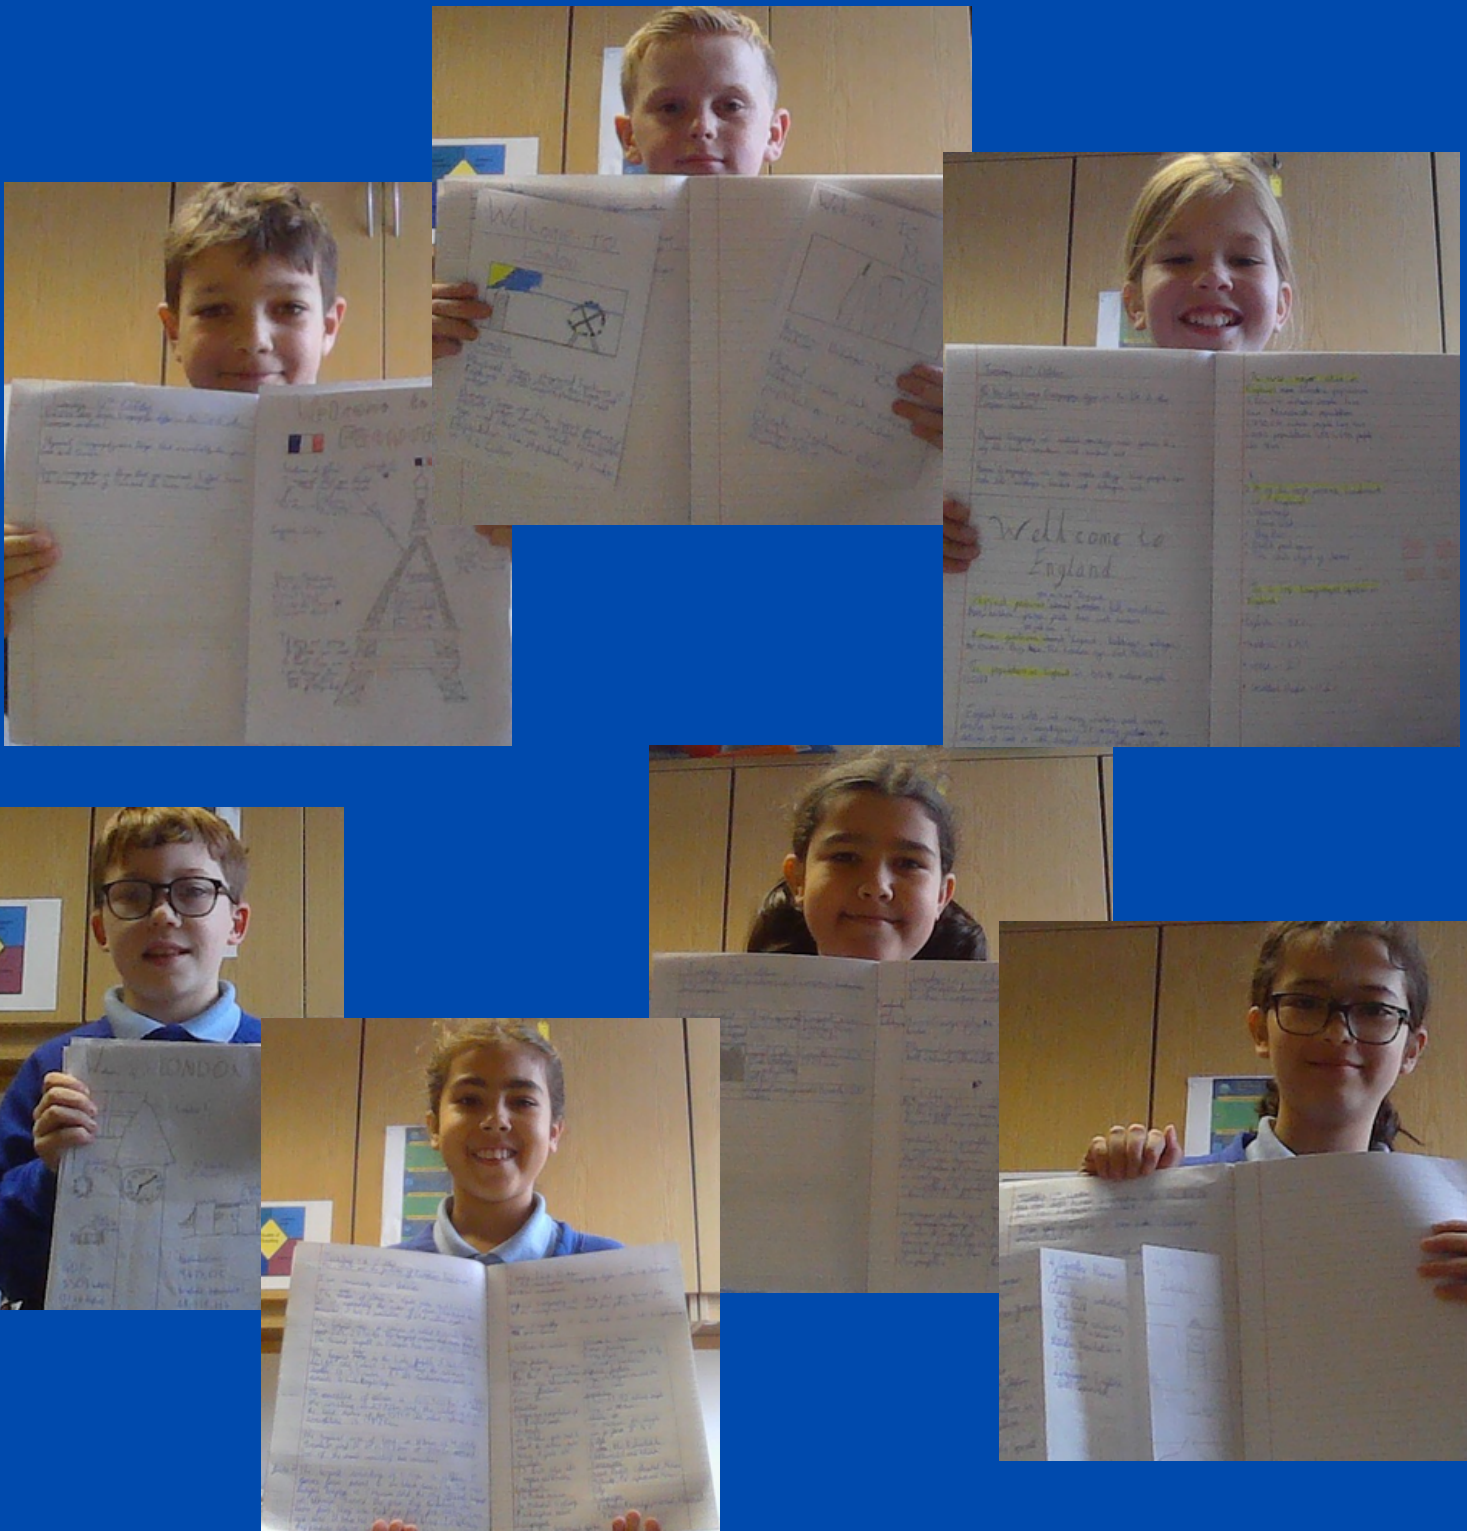

This week we have been writing reports about our imagined Pirate Island. We have been writing about general information about the island, as well as specific areas of the island, such as coves, forests and hideouts!

Salut - Ciao - Hola!

In Oaks, we are learning about the countries which are in Europe. We have looked at climates, cultures and languages spoken as well as comparing human and physical features in different cities.

Pupils wrote their own travel guides or leaflets comparing two places.

We love Learning!

There are lots of useful resources on our website to support you in your learning at home. You can find this under parents and home and school working together. There are links for phonics, reading, writing, maths and SEND.

As a school we are also subscribed to Reading Eggs and Times tables Rockstars. Using them regularly at home will help you to build fluency in reading and maths.

If you need any passwords reset - please speak to your class teacher who will be able to help :)
